I am a native of England, and while I was in that country! contracted a terrible blood poison, and for twe years was under treatment as an outdoor patient at Nottingham Hospital, England, but was not evered. I unusered the most agonising pains in my boste, and was overed with sores all over with patient of the most agonism pains in my beard of the most agonism pains in my beard and eyes, etc. which nearly ever pains in my head and eyes, etc. which nearly ever pains of the my serial hope in that country, and said one grey. A loss all hope in that country, and said carry, a loss all was treated at Hoseprellit in this city, as well as by a prominent physician in New York having no connection with the hospitals.

I saw the advertisement of Swift's Specific, and I determined to give it a trial as a last resort. I had gives up all hope of being cured, as I had gone through the hands of the best medical men in Nottinghats and New York. I took six notites of S. S. and I can say with great by that they have cured me entirely. I am as sound and well as I sever was in my life.

I. FRED HALFORD, New York City, June 12, 1885.

Is the life, and he is wise who remembers it. But in March of last year (1884), I contracted blood polson, and being in Savannah, its, at the time, I went into the hospital three for treatment. I suffered very much from rhoumatism at the same time. I did not jet well under the treatment there, nor was I cured by any of the usual means I have now taken seven bottles of swift's Specific and am sound-and well. If drove the polson out through bolls on the kin.

AFTER DINNER.

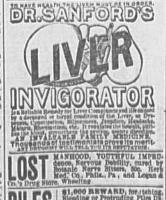

Persons who suffer from Indigestion can arrest the progress of that painful mainly by the use of an after-dimer pill, so composed that it will give tone to the stomach, prevent heartburn, rouse the liver to healthful action, invigorate the kidneys, and thus, through the activity of these organs, promote the natural movement of the stomach and bowels. AYRI'S PILLS are so compounded that their action, though mild, effectually produces the above results. They also, in curing Constipation, remove the cause of Billousness, Liver Complaint, Kidney Disease, Rheumatism, and many other serious aliments.

AYER'S PILLS

contain no mineral nor poisonous substance, and do not gripe unless the lowels are irritated, and even then their nfluence is healing. To continue their effect in constipated or chronic cases, they need only be taken in diminishing instead of increasing doses. For seamen, and insultants or travelers in sparsely settled countries where physicians are not at insult, they are of inestimable value. There is hardly a sickness they will not alleviate, and in most cases cure, if taken promptly. To young girs just entering upon womanbood, and to women whose period of maternity is drawing to a close, Ayer's Pills, in moderate doses, merely sufficient to ensure regular action of the bowels, will be found of

Incalculable Value.

urrahs for Kanawhs, and staggered into verdict?" saked the clerk.

"We have," hiccoughed the foreman.
"We, the jury (hic), find for (hic) the desirable."

They had "hung together for Kanawha,"

Your Uncle Colonel Ben Wilson has een at home in Clarksburg for two or three weeks past, and is looking after his chances for the Democratic nomination for Congress. Somehow or other ne has gotten the idea in his head that, with tieneral Goff out of the way, he could be elected, if nominated. The trouble with Uncle Ben is to get the nomination. The stalwart Democrats of the 'First district are loth to take hold of him. The last time he was nominated he pulled through "by the skin of his teeth," and they have not forgotten it. He is working like a beaver, however, for the nomination, and is going to give the other aspirants a tight race. Judge John Brannon, I learn, will again be a candidate. He wants a chance to vindicate himself. I have heard Alf Caldwelf's name mentioned also in connection with the nomination. The fight for the Democratic nomination promises to be very interesting and exciting.

In the Second district, the signs are that nances for the Democratic nomination

to be very interesting and exciting.

In the Second district, the signs are that there will be a row for the Democratic somination. I have already posted the InterLIGENCER readers regarding the very interesting state of affairs existing in that district. Wilson, of course, is a candidate again, but the Damocrats west of the mountains still hold that their section is entitled to the prize. Ex-Congressman Martin is laboring hard in his own interest, and those who attend the Second District.

Au ingenious Georgian has discovered est, and those who attend the Second Dis-trict Democratic Convention will witness trict Democratic Convention will witness one of the most exciting contests that ever took place in the State for a congressional nomination. While these two leading candidates glare at each other over the mountains that divide them, Judge William T. Ice, "Junior" Brown, John McGraw, James Morrow, Jr., Judge Bradford and other ventlemen wast of the

ford and other gentlemen west of the mountain stand ready as compromise men from among whom may be selected one for the factions to unite upon. In this district, as in the others, will be witnessed a contest between the Camden and anti-Camden forces.

the line at excursionists who bring their own lunch in market bakets.

PECULIARITIES OF THE CONTEST.

The contest will be all the more bitter and its outcome all the more significant because of the fact that, participating in this convention, as leaders of the opposing factions, will be Jim Mason and Dan Lucas, representing the anti-Camden forces, and Johnny McGraw and his lieutenants, of the other side. One peculiarity of the fight, and it is a spectacle of extraordinary interest, is that the leader of the Wilson forces (McGraw) hails from Martin's home, and the captain of the Wilson forces (McGraw) hails from Martin's home, and the captain of the Some fun at that convention.

Recently I have had considerable to say concerning the political situation in Gibson's district, and the readers of the IxTELLICANCER are very well posted as to the status of the fight the Fourth district Congressman has on his hands. From what I can learn from politicians now in Washington who have recently been in that district, there is little doubt of Gibson's nomination. The candidacy of Judge Okey Johnson, Jadge Munroe Jackson, Treasurer Thompson and Chairman Dave Leonard, all of the aspirants, with the exception of Leonard, are representatives of the anti-Camden faction, and will simply divide the vote. It is scarcely likely that Leonard will stand as a candidate. Gibson declares that he has no fears as to the outcome of the contest, son declares that he has no fears as to the

outcome of the contest.

BUSTACE'S RECORD. From all I can learn, it will be much sasier for Eustace to secure the nomination than it will be for him to be elected tion than it will be for him to be elected after nominated. Gibson seems to be giving satisfaction to his Democratic constituents. They like his record as a "civil service reformer." This record is briefly summed up thus: 1st. He has reformed more Democratis into office in Washington than any other West Virginia member of Congress. 2d. Although it is but a year since the inauguration of President Cleveland, there are but two Republican postmasters remaining in Gibson's entire district, and these two are togo at an early date. Every Democratic appointee is a rirend of Gibson's. He takes care of that point. The other day he even had one of his Democratic appointees removed shortly after he had received his commission. I saked Mr. Gibson's why the removal was made.

"Because," replied Eustace, "he had a clerk who, in delivering mall to a patron of the office one day, said to the gentleman: "There's a letter from that delike who, in delivering mall to a patron of the office one day, said to the gentleman: "There's a letter from that delike who would employ a clerk of that kind?"
